

We help ease the workload of a Quantity Surveyor with 72-83% by providing a one stop signage solution which eliminates shopping around!

SIGNAGE
EVERYTHING YOU
NEED

RESULT

One of the incredible results we have achieved: We have done the re-branding of a well known Car Rental Company in Gauteng. The client needed to remove and replace all existing branding and signage with the new corporate identity. We designed, manufactured and installed all their internal and external signage within 9 weeks. (15 Branches) At OR Tambo Airport (their one branch) we have installed 286 sign boards within one 24 hour shift. These signs included mild steel sprayed letters with led's, Chromadek boards with prints, light boxes and Wall paper. I will gladly supply you the Regional Managers details to verify the above.

ABOUT US

CJ Signs was established in 1998 as a family business. Since then we have grown into a Medium Enterprise.

We are based in Kempton Park but service clients throughout the country and even up in Africa.

Our core value is customer satisfaction, we strive to achieve this through high quality products and workmanship, on time delivery and market related prices.

Our clients is our single most important asset and your needs are of the utmost importance to us.

We know all your pain points and will gladly remove them whenever needed.

We are a one stop solution! From Designing, Printing, Manufacturing to Installation. Thus saving you time to shop around within the vast signage range of products and services.

We are hands on business Owners and see each Project through till the end.
